REPLY TO
ATTENTION OF

March 12, 1996

Business Relations Center

Ladies and Gentlemen:

As Special Competition Advocate and Command Ombudsman for the U.S. Army Industrial Operations Command, I am pleased to present these proceedings for our 1996 Advanced Planning Briefing for Industry.

This year's theme is: *"Opportunities and Challenges in Power Projection, Industrial Operations & Munitions."* This theme calls attention to the three core competencies of the Command and serves as the framework for the information provided.

Each briefing includes a chart showing a point of contact - a subject matter expert that can provide additional information. My staff and I remain ready to provide assistance as well. We can be contacted at (309) 782-5880.

This is your conference, make the most of it:

- Interact with our speakers.
- Visit our displays.
- Network with other attendees.

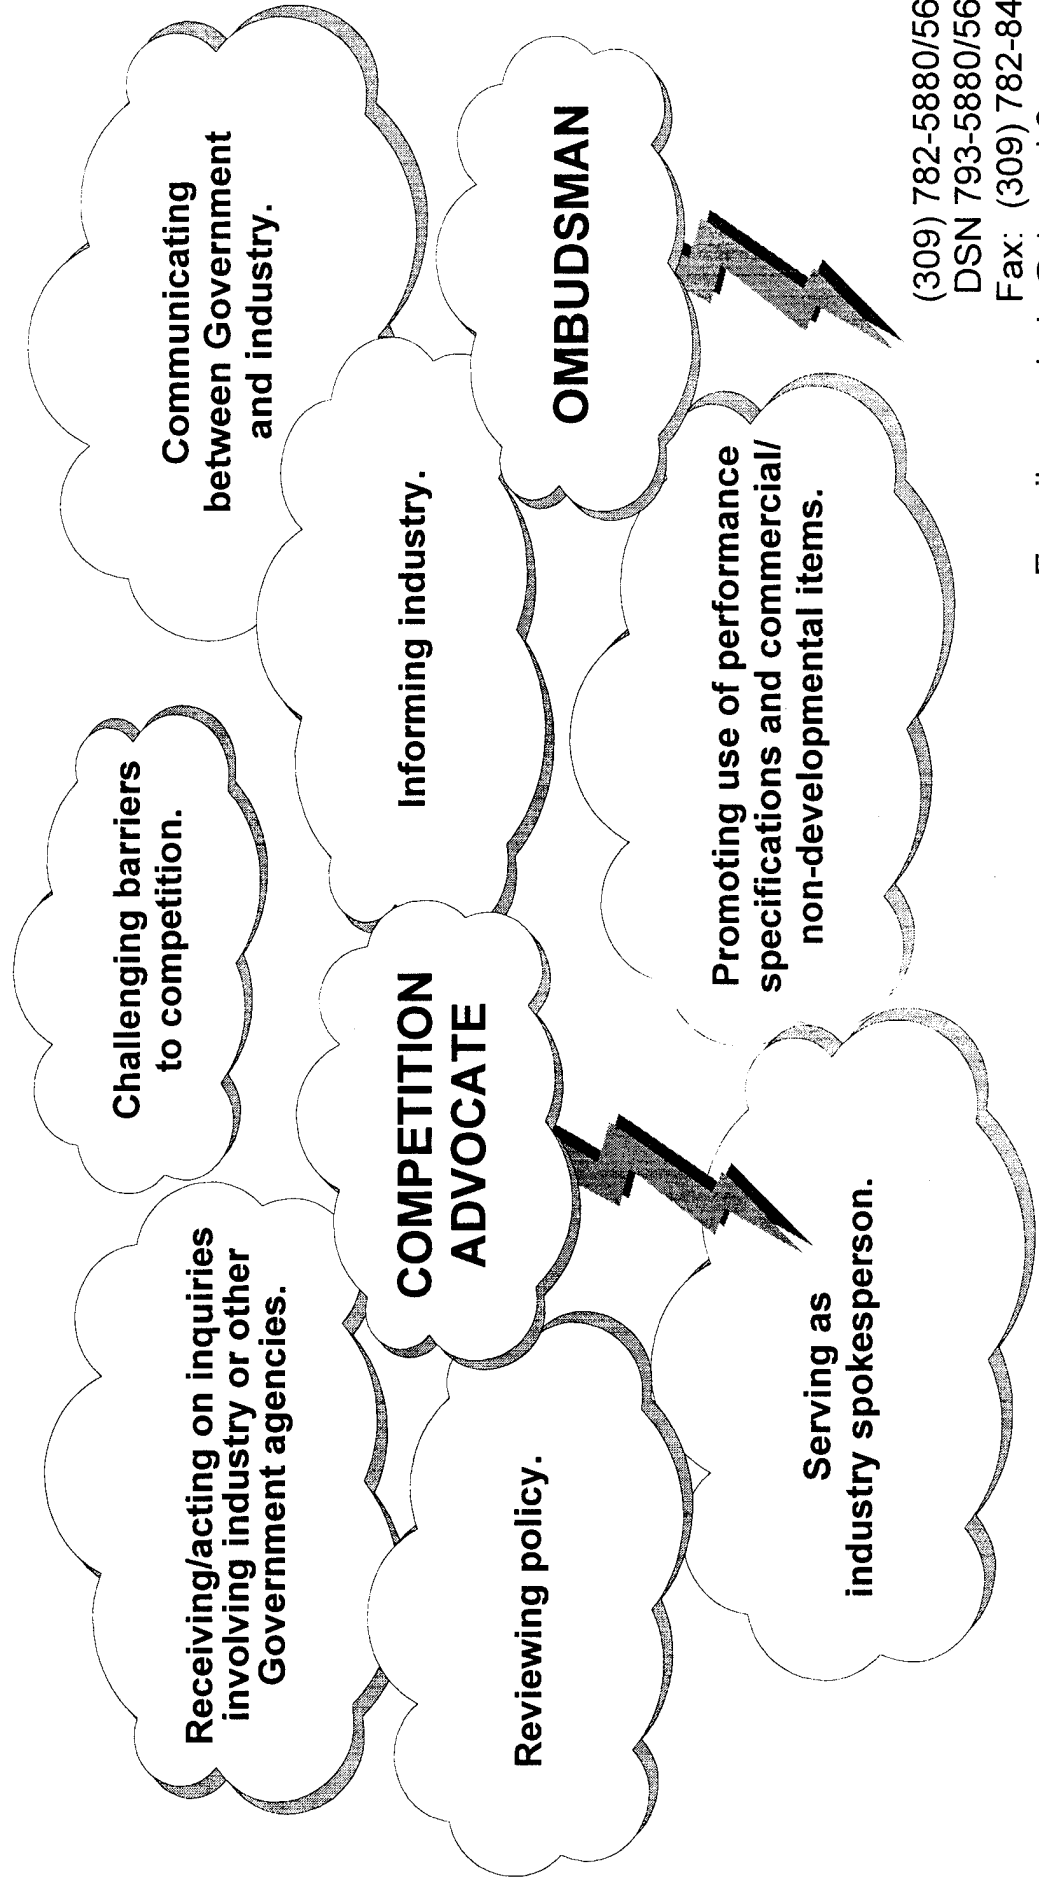

Enjoy the conference!

Craig J. Colledge
Director, Business
Relations Center

IOC BUSINESS RELATIONS CENTER

*VISION: Premier customer service for competition
and business relations.*

INDUSTRIAL OPERATIONS COMMAND

COMM PREFIX: (309) 782-

STRATEGIC PLAN

What we do, and
who we do it for

MISSION

Where we want to be and
how we want to be perceived

VISION

VALUES

"Standards of
Conduct" for doing
Business in IOC

PHILOSOPHY

How we Treat our
Workforce
and Customers

STRATEGIES

Where we want to
be in 5 + years

GOALS

Where we want to
be in 2 - 3 years

OBJECTIVES

What we need to
accomplish in the
next 1 - 2 years

Assignment of
Responsibility for
Accomplishing Objectives

PERFORMANCE PLANNING

PRIVATIZATION

PARTNERING/TEAMING

Sharing projects with private sector companies in such a way as to retain essential skills and capabilities in both sectors.

IOC COMMITTED

21ST CENTURY

- **QUALITY**
- **CUSTOMER SUPPORT**
- **EFFICIENT OPERATIONS**
- **ORGANIC-COMMERCIAL PARTNERSHIPS**
- **PRIVATIZATION**

**IOC WILL BE READY TO PROVIDE OUR WARFIGHTERS
WITH THE MUNITIONS, EQUIPMENT, AND SUPPORT
WHEN AND WHERE THEY REQUIRE IT**

PRIVATIZATION

***Speaker: Ms. Rosanne Mohr
Plans, Analysis & Evaluation Office, IOC***

PRIVATIZATION

WHY OUTSOURCE?

- ✓ Expands Business Base
- ✓ Competitive commercial markets are responsive, flexible, and innovative
- ✓ Competition drives prices down and efficiencies up
- ✓ Encourages Technology Infusion

PRIVATIZATION

PRIVATIZATION OPTIONS

- **OUTSOURCING:** Divesting the organic capability and depending entirely on the marketplace to supply the service.
- **PARTNERING:** Sharing projects with private sector companies in such a way as to retain essential skills and capabilities in both sectors. Total must be great enough to workload to CORE.
- **GOVERNMENT OWNED-CONTRACTOR OPERATED (GOCO)** - Converting current depots to GOCO -- retaining the facilities and tooling, but relying on private sector to perform work.
- **AUGMENTATION:** Planned use of private sector support in the event of the 2-MRC, as needed. This does not shift work to the private sector in peacetime.

PRIVATIZATION

AREAS FOR APPLICATION

- **COMMISSION ON ROLES & MISSIONS
REPORT (CORM):**

- ▲ **DEPOT MAINTENANCE**

- ▲ **MATERIEL/SUPPLY MANAGEMENT**

- ▲ **HEALTH CARE**

- **IDENTIFIED AS OPPORTUNITIES**

- ▲ **AUTOMATED DATA PROCESSING**

- ▲ **EQUIPMENT MAINTENANCE**

- ▲ **BASE OPERATIONS**

- ▲ **TRAINING AND EDUCATION**

Barriers

PRIVATIZATION

Implementation Considerations

Competition

Plan

Environmental

**Proprietary
Rights**

Skills

Efficiencies

\$ Savings

Reuse

Currency of Data

Fixed Price

Community

PRIVATIZATION

CONCLUSION

PRIVATIZING:

Is a priority

Functions are being determined

..Approach with common sense and
caution

...Be innovative and open

**RESHAPING THE
INDUSTRIAL BASE -
PARTNERING/TEAMING THRU
DIRECT SALES AGREEMENTS**

***Panel Members: Ms. Jeri Kopp, Ms. Gilda Johnson,
Ms. Terese Harrison, Ms. Mary Beth Watkins***

AGENDA

- INTRODUCTION - PAST AND PRESENT
- DEFINITIONS OF DIRECT SALES AND PARTNERING/TEAMING
- OVERVIEW OF STATUTES
- DIRECT SALES PROCESS FLOW
- IOC PARTNERING/TEAMING INITIATIVES
- ANNISTON ARMY DEPOT PARTNERING/TEAMING INITIATIVES
- IOC GOALS AND BENEFITS

Past Combat Vehicle Industrial Base

★ Public vs. Private

★ Independent

★ Competitive

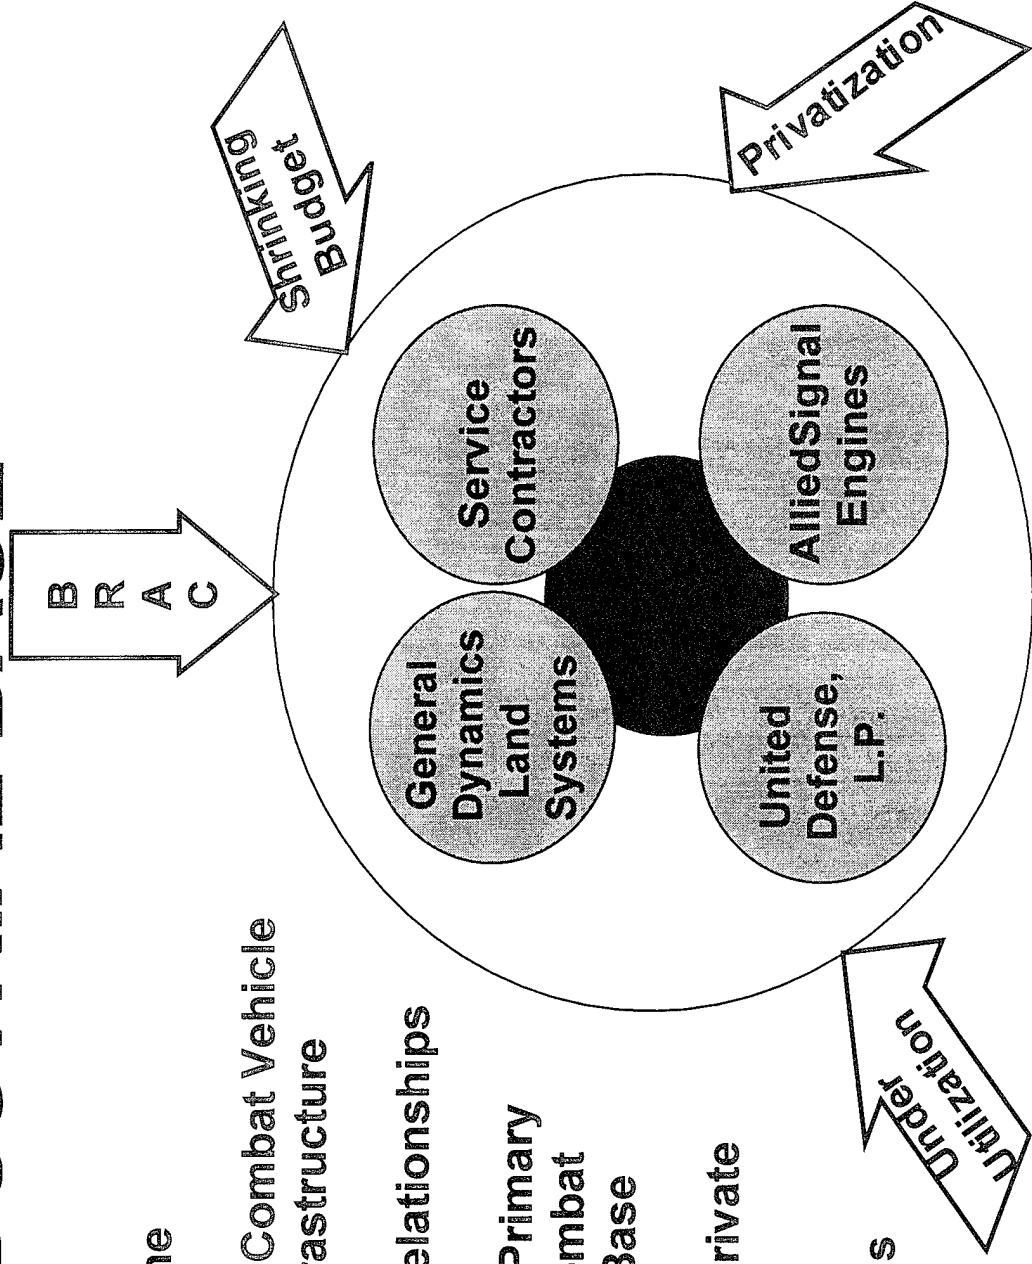

vs.

Cooperative

BLENDED COMBAT VEHICLE INDUSTRIAL BASE

- ★ Common Fence Line
- ★ Reduction of Total Combat Vehicle Industrial Base Infrastructure
- ★ Virtual Business Relationships
- ★ Encompasses the Primary Elements of the Combat Vehicle Industrial Base
- ★ Protects Organic/Private Sector Capabilities
- ★ Best of Both Worlds

DEFINITIONS

DIRECT SALES IS.... A SALE BY THE U.S. GOVERNMENT OF MATERIAL AND/OR SERVICES TO PRIVATE INDUSTRY EITHER THROUGH MANUFACTURE BY DEFENSE BUSINESS OPERATIONS FUND (DBOF) FACILITIES OR DIRECT FROM GOVERNMENT INVENTORY

PARTNERING/TEAMING IS A MUTUALLY AGREED WORKSHARE ARRANGEMENT BETWEEN THE U.S. GOVERNMENT AND PRIVATE INDUSTRY

DIRECT SALES STATUTES

- 22 U.S. CODE 2770
- 10 U.S. CODE 2539b
- 10 U.S. CODE 2208 (h)
- 10 U.S. CODE 2208 (j)
- 10 U.S. CODE 4543

22 U.S.C. 2770

Allows the sale of articles for incorporation into an end item to be sold to a friendly foreign government

- End Item must be "military"
- Item purchased would be GFM/GFE in U.S. Contracts
- Buyer must have export license

Approving Authority: Commander, IOC

10 U.S.C. 2539b

When in the interest of national defense, authorize...

- use of available services of labs, centers, ranges or other testing facility for testing of materials for a fee;
- to sell, lend or give samples and information;
- to sell or lend equipment and materials for independent research and development (IR&D) programs or for demonstrations to foreign government.

- Statutory limit to recovery of direct and indirect costs for providing services; competition with private sector to be avoided

Approving Authority: Commander, IOC

10 U.S.C. 2208(h)

Permits the Government to sell supplies from inventory to Contractors for use in performing DoD Contracts

- Applies to "off-the-shelf" type items
- Must be excess to inventory

Approving Authority: Principal Assistant Responsible
for Contracting (PARC)

10 U.S.C. 2208(j)

Allows Arsenal and Depots to sell manufactured or remanufactured articles, as well as services, to qualified contractors as long as the buyer is fulfilling a DOD contract (must make it or have made it before)

- Solicitation for end item must state it is open to public and private competition
- Installation must hold itself open to all -- no exclusive agreements
- Advantage: Allows sale regardless of availability of other private industry sources

Approving Authority: Commander, IOC

10 U.S.C. 4543

Allows Arsenal and Depots to sell manufactured goods and services outside DoD

- Can be for DoD or commercial end items

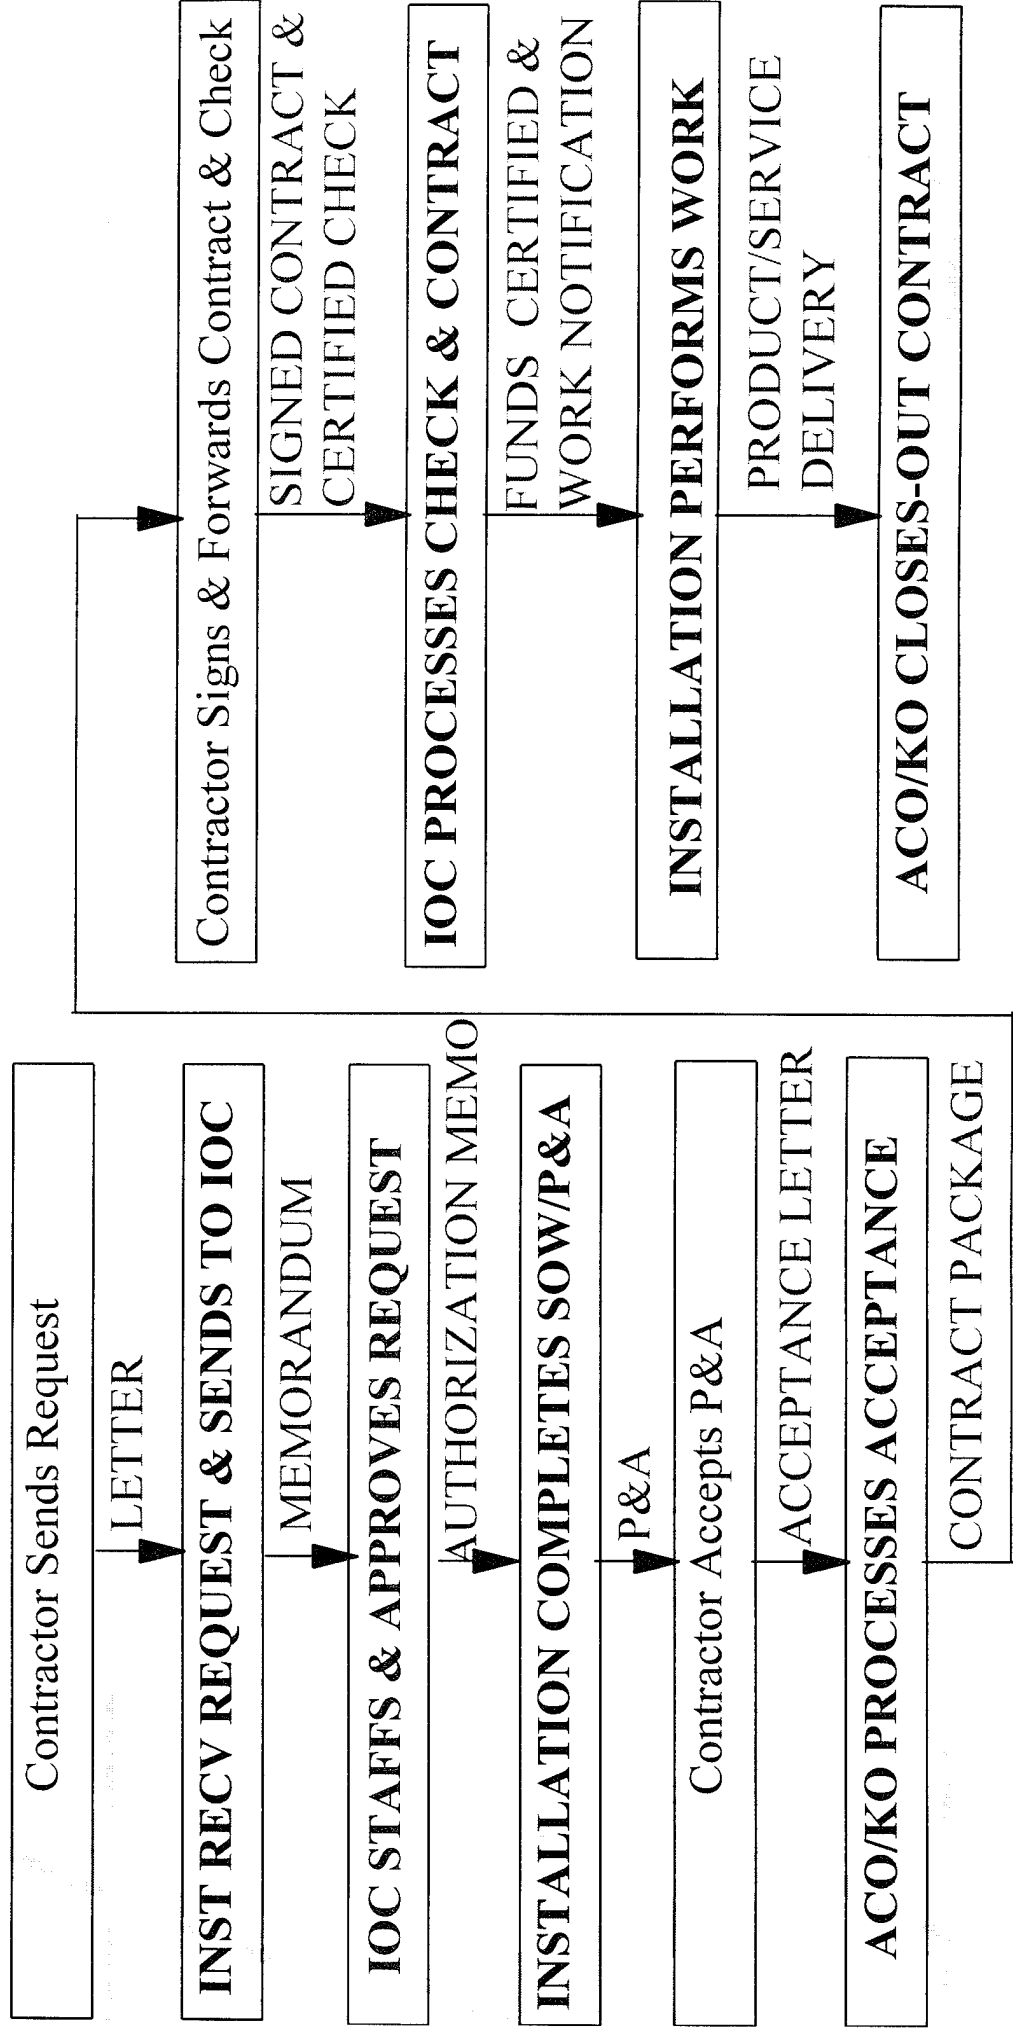

- Cannot interfere with DoD work or installation's military mission
- Services sold must relate to an article authorized to be sold
- Article or service must not be commercially available
- Purchaser must agree to hold U.S. harmless for injury/damage to person or property
- Must be little or no subcontracting required by the installation to do the job
- Must be in the public interest to do the work

Approving Authority: Commander, IOC

NOT COMMERCIALLY AVAILABLE

- **AS THIS RELATES TO 10 U.S.C. 4543:**
 - Same standard as Buy American Act determinations
 - Is it reasonably available in sufficient quantity or quality to meet a customer's requirements?
 - Case-by-case determination
 - Approving authority always has the prerogative to adopt a narrower position on behalf of the Command

IOC DIRECT SALES PROCESS FLOW

POWER PROJECTION

**U.S. ARMY
INDUSTRIAL OPERATIONS COMMAND**

WAR RESERVE MISSION AND INDUSTRY OPPORTUNITIES

***Speaker: Mr. Thomas Vetter
U.S. Army Combat Equipment Command, IOC***

OVERVIEW

- MAY 92 CSA DIRECTS:

- A new Army strategy and policy for War Reserves and Operational Projects Stocks
- Disconnect war reserve materiel from Theater Commander
- Pool all war reserve materiel
- Centrally manage and account for all war reserve materiel

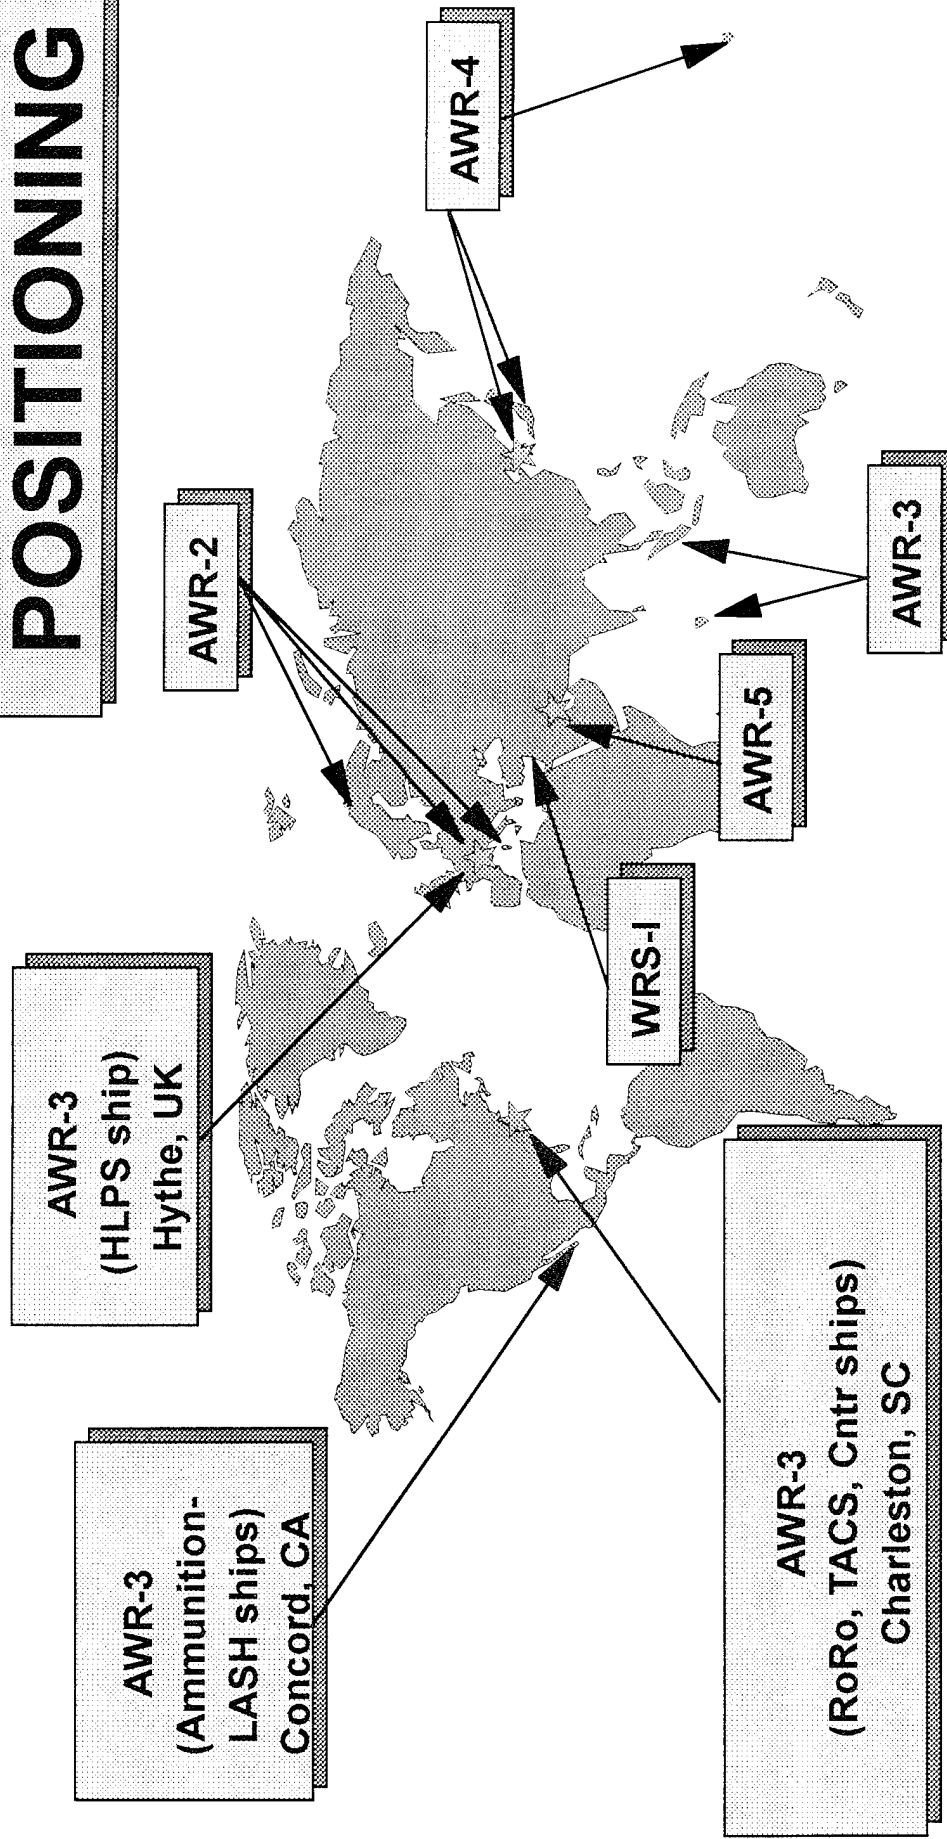

- MAY 94 CSA EXPANDS MISSION TO INCLUDE POMCUS & AWR-5

- U.S. ARMY MEDICAL MATERIEL AGENCY (EXECUTIVE AGENT FOR MEDICAL MATERIEL)

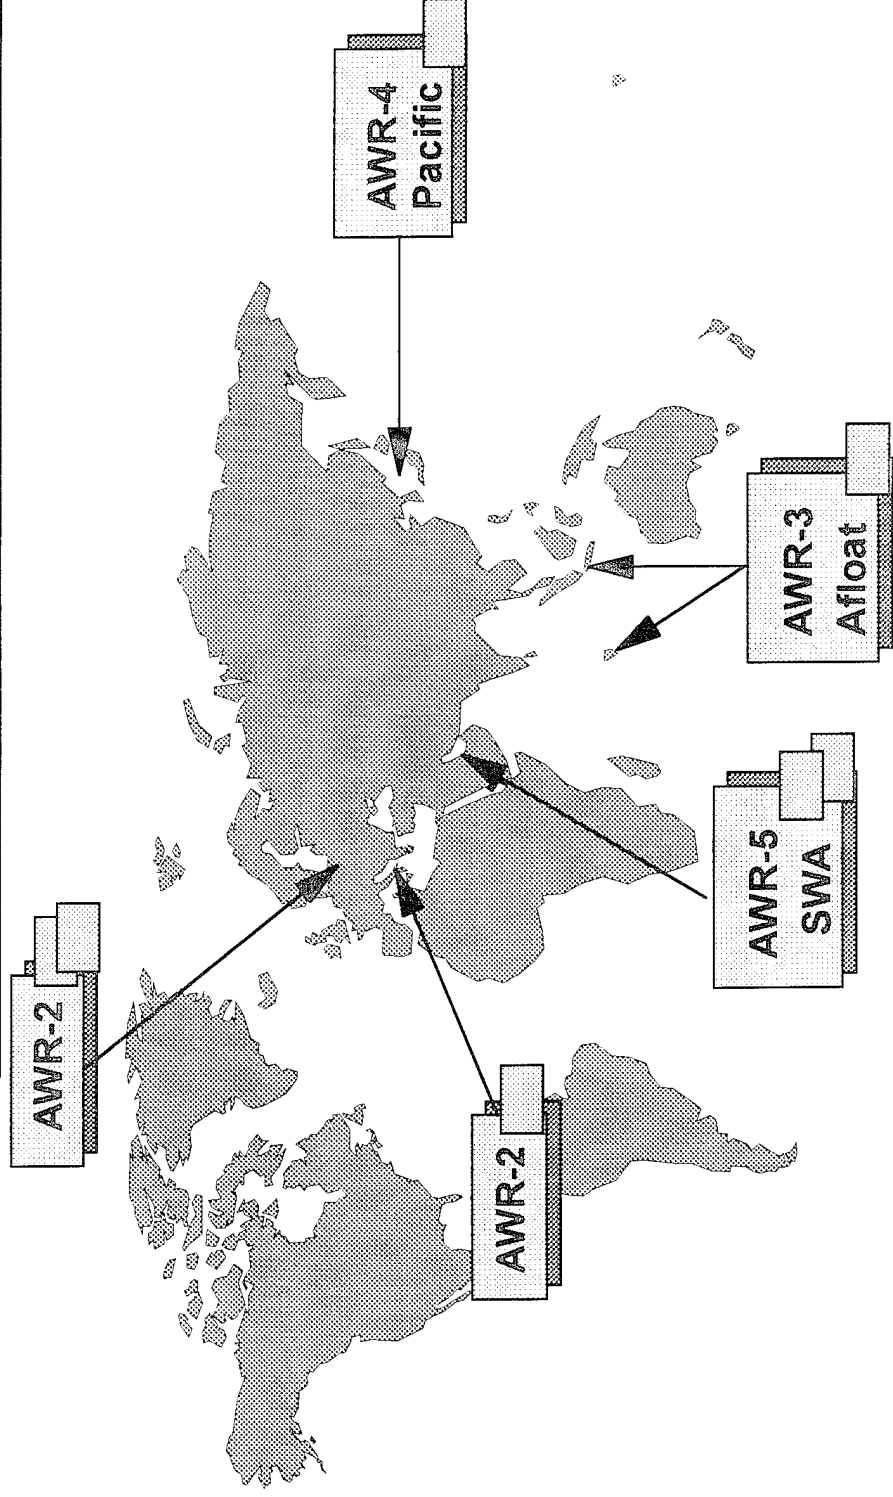

- U.S. ARMY MATERIEL COMMAND (EXECUTIVE AGENT FOR ALL OTHER MATERIEL)

- Industrial Operations Command (responsible agent)
- U.S. Army Combat Equipment Command (Provisional) Feb 96

WORLDWIDE POSITIONING

GLOBAL PREPOSITIONING STRATEGY (GPPS)

Bottom Line: GPPS is Dynamic;
Tomorrow could bring Brigade Set #8.

SCOPE OF RESPONSIBILITIES

Equipment for:

- * 7(+) Bde sets
- * Div base
- * Corps base
- * Theater base
- * Operational projects
- * Port opening pkg

Major Items = \$10.3B
 Secondary Items = \$ 4.7B
 Total 15.0B

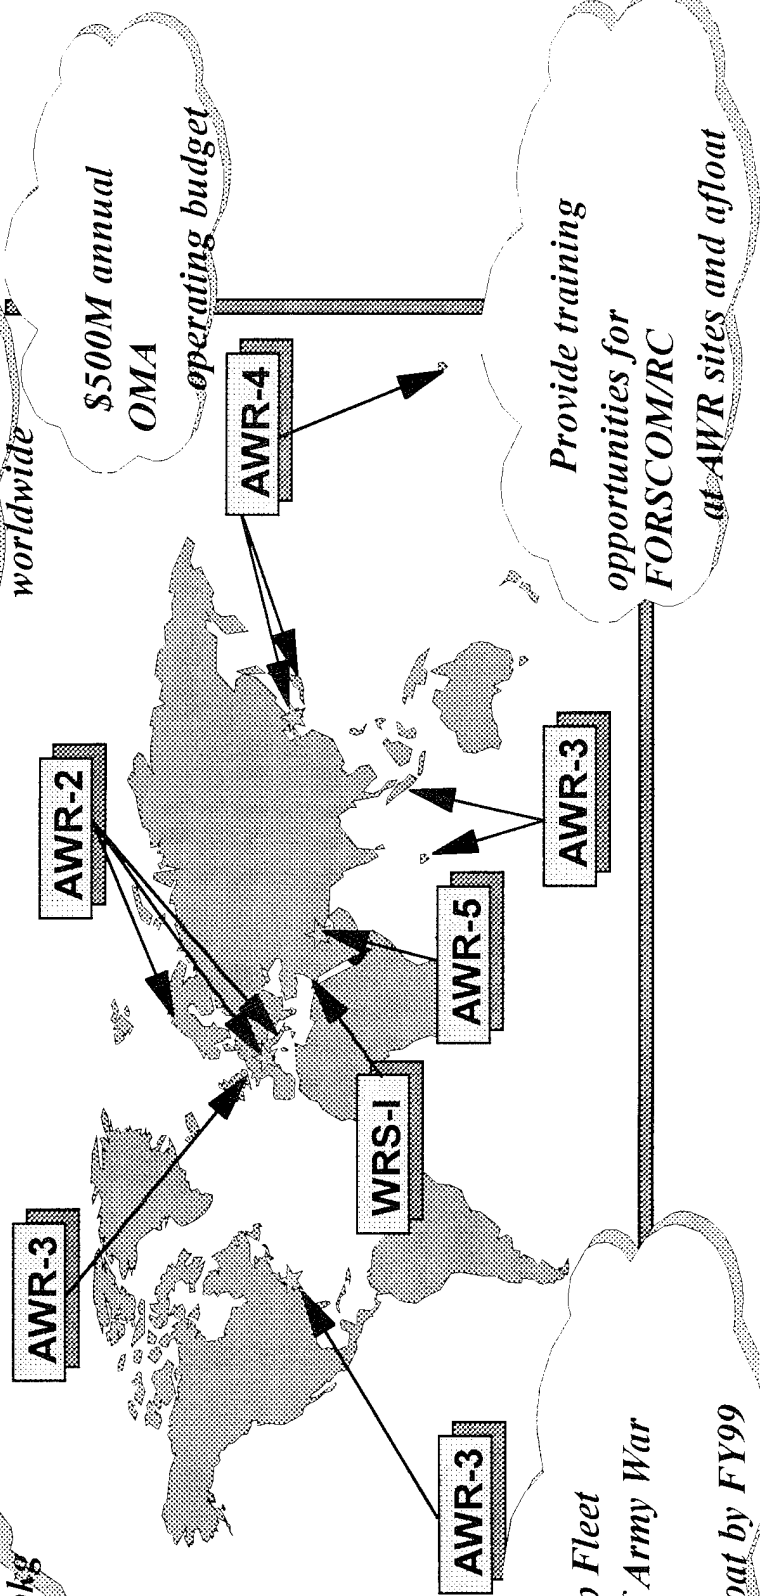

Hundreds of millions
 of dollars in facility assets
 worldwide

\$500M annual
 OMA
 operating budget

Oversight of
 contractor
 personnel

16 Ship Fleet
 2 million sq ft of Army War
 Reserve
 Materiel afloat by FY99

Provide training
 opportunities for
 FORSCOM/RC
 at AWR sites and afloat

**Bottom Line: AMC management responsibility far
 exceeds a Corps equivalent of assets**

ACQUISITION STRATEGY

- **Maximize Long-Term Contractor Provided Maintenance Support**
- **Competitive - Full & Open**
- **Minimize Short-Term Contractor Field Team (CFT)**

CONTRACTING OPPORTUNITIES MAINTENANCE SUPPORT

CURRENT PLANNED

*

AWR-1/2	None (AWR-2 LN's)	None (AWR-2 LN's)
AWR-3	Contractor Field Teams (CFT)	Compete 1998
AWR-4	None (LN's)	Investigate Feasibility of Full & Open Competition
AWR-5	QATAR - CFT KUWAIT - ARCENT Contract (Maint/Base OPs) SWA (Ashore/Afloat) - Discussions - 8th BDE	Compete 1998 Recompete 1999 Competition TBD

* Subject to receipt of stable requirements/funding

TOPICS OF GENERAL INTEREST

**U.S. ARMY
INDUSTRIAL OPERATIONS COMMAND**

ARMS - THE FUTURE PERSPECTIVE

***Speaker: Mr. Douglas Borgeson
ARMS Team, IOC***

ARMS Initiative

• In FY 1993

- Congress Enacted Initiative and Appropriated \$200 Million
- Use Facility Contracting and Financial Incentives to Reuse Idle Ammunition Production Capacity Through Commercialization
- Funds Offered for Rescission, Withheld, and Incrementally Released

• In FY 1995

- Congress Reduced Funds to \$100M
- Congress Authorized Extension of Initiative Through 30 Sep 96
- Remaining Funds (\$68M) Released
- Participation Expanded from 4 to 11 Facilities, Other 5 Working

• Goals

- Use Non-Hardware Ammunition Funds to Reduce Operating and Maintenance Costs
- Stabilize/ Lower Ammunition Unit Cost at Active Facilities
- Minimize Maintenance Costs at Inactive Facilities
- Create Economic Sustainability

ARMS Initiative - Performance

BOTTOM LINE

\$100M Investment Reduces Operating Costs and Returns \$15M Annually in FY 99

Cost Avoidance

- ▶ Operating Cost Reduction Reduces Propellant Unit Cost by 6.5% per pound
- ▶ Achieved - 2 Facilities at \$0 Maintenance Costs
- ▶ Projected - 4 Additional Facilities at \$0 Maintenance Costs

Return on Investment

(Immediate Overhead Return, Annual Overhead Reduction, & Revenues)

16 Eligible Active/Inactive Facilities

- ▶ 11 Facilities Participating
- ▶ 5 Facilities Developing Strategic Reuse Plans

Economic Benefits

	Current	FY 1996
Jobs	1,436	2,641
Direct Wages	\$51M	\$93.8M
Community	\$306M	\$562.8M
100 Commercial Contractors On-Site		

Skill Retained

31 of 33 at Indiana
13 of 15 at Mississippi

ARMS Initiative - Future

- **Negotiate Facility Contracts At Remaining 5 Facilities**
- **Continue to Maximize Return on Non-Hardware Investment Through Commercialization**
 - **Active Facilities - Stabilize/Reduce Ammunition Unit Cost**
 - **Inactive Facilities - Reduce Maintenance Costs to \$0**
 - **Facilities and Communities - Generate a Sustainable Economic Environment**
- **45 Million Appropriated for FY 96**
- **Program Success Depends on Funding Stability**
- **Program included in FAA and POM in Future**

"Defense Conversion" All Investment Program

INDUSTRIAL OPERATIONS COMMAND**

VALUE ENGINEERING EFFICIENCIES

***Speaker: Mr. Greg Zelnio
Chief, Value Engineering Division, IOC***

OUTLINE

- **WHY VE**
- **VE SUCCESS**
- **VECP CRITERIA**
- **VE BENEFITS**
- **VE CHALLENGES**
- **VE OPPORTUNITY**

A MESSAGE FROM CSA:

**Subject: CSA "Yellow" 95-03 (THE STATE OF THE ARMY dtd
28 JUL 96 (Excerpt, para 3)**

"The Nation's resources available for defense are limited. Continuing resource constraints will demand unprecedented productivity. We have a window of opportunity to make changes that make us more efficient. We must find smarter ways to do business, streamline our management processes, reduce overhead, leverage outside resources, and use what we have more efficiently in order to be effective. The only alternatives to becoming more efficient are to either become smaller or to not provide our quality soldiers the quality equipment they deserve in the future."

Dennis J. Reimer, General, United States Army Chief of Staff

WHY VE

- INCREASE PROFITS
- INCREASE PRODUCTIVITY
- TECHNOLOGY INSERTION
- SATISFY CUSTOMER
- PROGRAM SURVIVABILITY

SUCCESSFUL VE PROGRAM

INPUT

**Management
commitment
& support**

PROCESS

**Value engineering
methodology**

OUTPUT

**Process improvements
Increased productivity
Efficiencies
Reduced costs**

VECPs

POLICIES

- **PROVIDE CONTRACTORS A SUBSTANTIAL INCENTIVE TO DEVELOP AND SUBMIT VECPS.**
- **PROVIDE CONTRACTORS OBJECTIVE AND EXPEDITIOUS PROCESSING OF VECPS SUBMITTED AND FAIR SHARE OF SAVINGS ON ACCEPTED VECPS.**
- **ENCOURAGE SUBCONTRACTORS TO SUBMIT VECPS.**

VALUE ENGINEERING CHANGE PROPOSAL

- **A VECP, WHAT IS IT?**
 - A proposal submitted by a contractor to the government IAW the provisions of the contract.
- **WHERE ARE THE PROVISIONS OF THE CONTRACT?**
 - Federal Acquisition Regulation (FAR) Part 48 instruction: FAR 52.248-1 clause for supply and service contracts.
- **FAR 52.248(B) PROVIDES VECP CRITERIA:**
 - Requires a change to this, the instant contract, to implement...
 - Results in reducing the overall projected cost to the agency...provided the VECP is not a change to:
 - Deliverable end item quantities only
 - Contract type only
 - R&D items or R&D test quantities

VE BENEFITS

- **COST SAVING CHANGES TO CONTRACTS CAN**

EARN YOU UP TO A 50 PERCENT SHARE OF

SAVINGS.

THE ADVANTAGE

(FFP CONTRACT)

BEFORE VECP:

CONTRACT COST	\$10M
PROFIT @ 10%	<u>\$ 1M</u>
CONTRACT PRICE	\$11M

AFTER VECP THAT CUTS COST BY 20%:

ORIGINAL CONTRACT COST	\$10M
VECP NET COST SAVINGS	<u>-\$ 2M</u>
NEW CONTRACT COST	\$ 8M

ORIGINAL CONTRACT PROFIT

50% OF VECP SAVINGS

TOTAL PROFIT	\$ 1M
	<u>\$ 1M</u>
	\$ 2M

NEW CONTRACT PRICE

\$10M

NEW PROFIT = \$2M/\$8M = 25%

THE CONTRACTOR ADVANTAGE

- **MAGNITUDE OF PROFIT INCREASES (\$1M TO \$2M)**
- **PROFIT RATE INCREASES (10% TO 25%)**

**\$2M VECF generates another \$1M in profit -
the same profit that would result from an
additional \$11M contract.**

WHAT CAN CONTRACTORS DO?

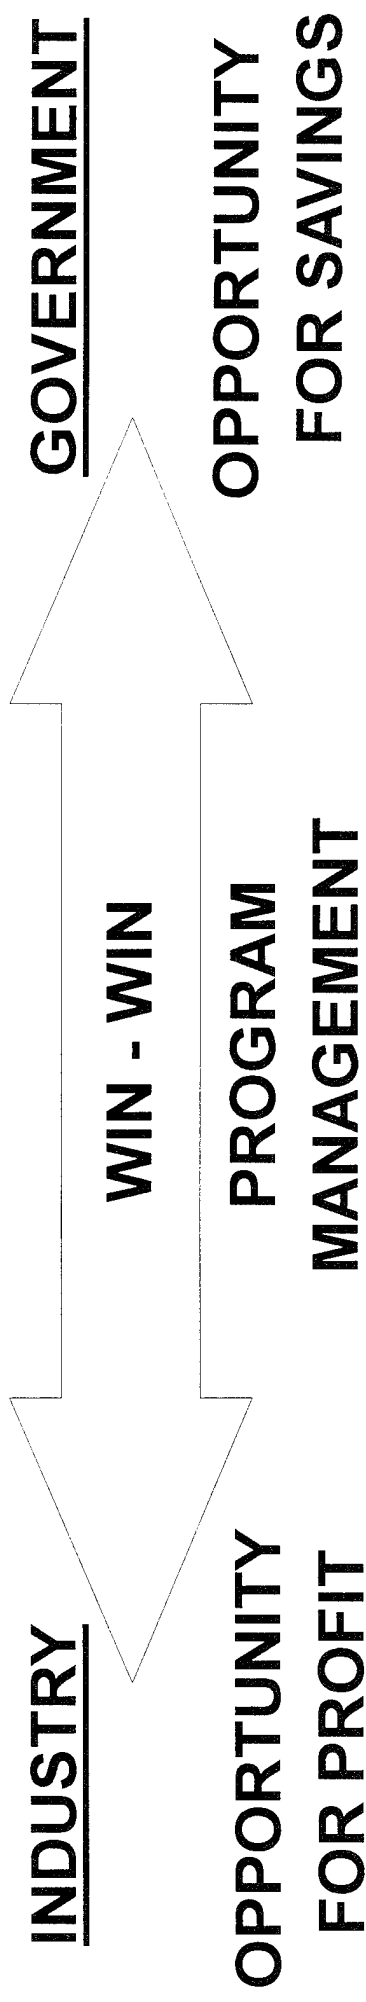

- **MAKE VE PART OF YOUR OVERALL BUSINESS PLAN.**
- **EMPHASIZE VE TRAINING.**
- **TALK TO YOUR CUSTOMERS.**
- **UTILIZE VALUE ENGINEERING PROGRAM TO INCREASE PROFIT/SAVINGS.**

LOOK BEYOND THE TRADITIONAL

- DON'T LIMIT THE SCOPE OF YOUR VE PROGRAM TO HARDWARE TDP CHANGES.
- CHALLENGE CONTRACT DATA/REPORTING REQUIREMENTS.
- TARGET OPERATION AND SUPPORT COSTS
- GOVERNMENT/CONTRACTOR VE WORKSHOPS.
- CONTRACTOR/SUBCONTRACTOR VE WORKSHOPS.

CONVENTIONAL AMMUNITION DEMILITARIZATION

CONCLUSION

- **DEMIL CONTINUES TO BE A GROWTH INDUSTRY**
- **COMMERCIAL CONTRACTS VITAL TO PROGRAM SUCCESS**
- **LOOK FOR CONTINUED PARTICIPATION WITH AND BY INDUSTRY**

PARTNERSHIP IS THE KEY

**U.S. ARMY
INDUSTRIAL OPERATIONS COMMAND**

SALES OF DEMIL ASSETS

***Speaker: Lieutenant Colonel James Humphrey
Associate Director for Demilitarization Ammo
Supply & Maintenance Division, IOC***

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS GENERAL DESCRIPTION

- **DEMIL ACCOUNT ASSETS**
 - **END ITEMS**
 - **COMPONENTS**
 - **MATERIALS**
- **AVAILABLE ON REQUEST**
- **MUST MEET CERTAIN CRITERIA**
- **DISTINCT FROM DRMS SALES**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS

GOALS

- **REDUCE SIZE OF DEMIL ACCOUNT**
- **REDUCE COST OF DEMIL PROGRAM**
- **PRODUCE REVENUE FOR ADDITIONAL DEMIL**
- **DEMONSTRATE VALUE OF ASSETS**
- **PROVIDE SERVICE TO DOD AND INDUSTRY**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS

DIRECT SALES

- **CURRENT STATUS OF DIRECT SALES EFFORTS:**
- ● **ONE PERSON FULL TIME IN IOC DEMIL OFFICE**
- ● **OVER \$2.5M IN SALES YEAR TO DATE**
- ● **SEVERAL CASES IN PROCESS**
- ● **COST AVOIDANCE OVER \$3M**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS

TYPES OF SALES

- **DEFENSE REUTILIZATION AND MARKETING SERVICE (DRMS)**
- **DIRECT SALES**
 - ● **22 USC 2770**
 - ● **10 USC 2541**
 - ● **10 USC 4543 - NO LONGER USED**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS

22 USC 2770

- **PURPOSE OF SALE**
 - ● Incorporate into end items sold to Friendly Foreign Governments
- **CONDITIONS OF SALE**
 - ● Export license/end use certificate
 - ● Articles provided as GFE
 - ● Articles available only from US Gov't sources
- **APPROVAL: IOC**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS

10 USC 2531

● PURPOSE OF SALE

- ● Use of articles for independent R&D, testing, and manufacturing
- ● Use of articles for demonstrations to Friendly Foreign Governments

● CONDITIONS OF SALE

- ● Export license/end use certificate
- ● Must be qualified purchaser as determined by DOD
- ● Sale, gift, or loan

- **APPROVAL: SECRETARY OF DEFENSE FOR TESTING
IOC FOR ALL OTHER PURPOSES**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS EXPLOSIVES/PROPELLANTS

- **PROPELLANTS (DEMIL CONTRACTS)**
 - ● 11.5M POUNDS OF M1, M6, M31A1
 - ● 175MM, 155MM, 8 INCH, 5 INCH
- **EXPLOSIVES (DRMS)**
 - ● 2.5M POUNDS (PLUS GENERATIONS)
 - ● **LOCATIONS: HAWTHORNE, BLUE GRASS,
MCALESTER**
 - ● **COMP B/TNT**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS DIRECT SALES EXAMPLES

- **8 INCH, M106 HE PROJECTILES**
- **105MM, HE PROJECTILES**
- **M483 ICM PROJECTILES/COMPONENTS**
- **DU PENETRATORS**
- **CS 1 AND CN**
- **CLUSTER BOMB DISPENSERS**

CONVENTIONAL AMMUNITION DEMILITARIZATION

SALES OF DEMIL ASSETS

PROBLEM AREAS

- **NO PROVISION FOR DOMESTIC SALES CASES**
- **NO SALES FOR LAYAWAY**
